NEW PATH TWO

- Ron Ahl - 5.7 seconds
- Nathan Smith - 6.6 secs
- Rob Ferguson - 7.0 secs
- Brad Marshall - 7.2 secs
- Nathan Muller - 7.8 secs
- Jake Haskard - 8 secs
- Nick Irwin-Parsons - 8.1 s
- Craig Newton - 8.2 secs
- Nikita Werahiko - 8.7s
- Antony Moore - 8.8 secs

Thank you to Scott and staff at The Lakes College for letting us attend your Fun Run + Fair. It was a great day and a huge turn out for a school that only has 200 students.

Church on the Rise
an Assemblies of God Church

TOP: Church on the Rise (Beerwah) Vacation Care - Last school holidays
BOTTOM: Town, Country Heritage Fair at Caboolture's Historical Village.

They are the strong, protector of the family unit, the disciplinarian that inspires us to behave and the encouraging force that makes us want to make them proud. Dad's/male guardians play a special part of the lives of their children. Their role will be celebrated on Sept. 2nd 07—Father's Day.

Lifeline Sunshine Coast is planning a HUGE day at Cotton Tree Park (Near Maroochydore). The event will showcase a range of entertainment, BIG boys toys and food. The rides include "No Gravity" climbing wall, Bungee Trampoline, jumping castle, giant slide and more - the best bit is it is all for FREE.

This annual event attracted about 20,000 people last year and has won awards in the past. It is expected to even bigger this year. Contact us 0438012232 if you would like some more information about this event.

2nd of September 2007 - 10am to 4pm

WANTED

"GLASSHOUSE BANDITS"

As many people would know, Karen and I (Ron), have a dream to establish an indoor climbing facility etc. in the area. At this stage, finances and council red tape being the main barriers.

Most of you will have heard about the vandalism in the Glasshouse mountains, well unfortunately, we've had a few people trying to put 2 and 2 together, only to come up with 5.

Let me say here and now, NO GRAVITY and it's staff, are in no way responsible for, nor do we condone the actions of those vandals, who attempted to fibreglass parts of the Glasshouse mountains. The idea of doing that is not only foolhardy, but the mess left behind, down right disgraceful.

Even if they do get away with it for now, I hope someone recognises the replica, and they incur the full penalty for their actions. I for one, will be keeping an eye open for it. **Ron Ahl**

UPDATED BY WEB-STA

MAD HATS HIT LAKES

Mad hats were all the rage at the CSC Family Fun Day held at Centenary Lakes. This Council event is held annually, bringing a little taste of the Ekka to Caboolture. The Mad Hatter theme was embraced by visitors (including NG staff). Thanks to the Caboolture Shire Council for putting together such a massive event and letting us attend. We had over 400 climbers brave our wall that day.

Flexible hire options

DRAGON'S ARE REAL

On the 29-30th of September 07, you will witness real dragons. It is where an army of 2000 strong breast-cancer survivors, paddle dragon boats on Lake Kawana at Quad Park. It is a annual event, celebrating the strength of breast cancer survivors and increasing awareness of breast cancer through fun and fitness. The weekend kicks off at 10-3pm daily with market stalls, activities, information, music and US to keep the kids entertained. We will be donating 10% of the days takings to *Dragons Abreast* for the 2007 Abreast in Australia. Help us support the work they do.

Quad Park - Nicklin Way Kawana.

fundraiser

This 4x4 show 'n' shine and ramp challenge was put together by Ideal Electrical Morayfield + Provincial Tiles to help raise funds for St Columban's College. The year 12's are going overseas in 2008. We donated our days' takings to the school to help them in their fundraising efforts. **Thanks to those who supported the day.**

Tent City

The organisers of Farm Fantastic need a huge pat on the back, hand shake and a holiday for their efforts. We had a blast.

Cheers to everyone who came and checked out our groovy site, complete with *camo* mesh and smoke machine. We even provided a "rustic park bench style" seat for parents and spectators to take a load off. I must report, our \$100 prize is safe - no one beat Ron's 5.8s time. His NEW record of 5.7 seconds should stand for some time.

We highly recommend anyone considering a site to get in early.

WE WILL BE BACK IN 08!

Morgan's Seafood Staff enjoyed a team building session at Centenary Lakes on their Ekka Public holiday.

September Holidays Christmas Holidays Taking booking NOW

This is the time to book for Vacation care programs, team break ups etc, to avoid disappointment. We are available weekdays with several weekends in September (and October) already booked.

0438 012 232.

This was the view from the top of our wall when 5000 odd Scouts marched into South bank on August 4 2007.

THANK YOU TO...

BPW (Business Professional Women) Caboolture for encouraging me (Karen Ahl) to complete my application for Young Career Women of the Year Award (U35).

Not expecting anything, I was quite surprised and pleased to receive my encouragement award. Thank you judges! Nice to know that my efforts, and that of the other nominees, have not gone unnoticed. Congratulations to both Kimberley and Lisa for taking out the grand honors of our category. Many praises also go to the 2007 BPW Career Women award winners.

Happy 100th Birthday Scouts

HONoured: BPW Young Career Woman of the Year encouragement award winner Karen Ahl, winner Kimberley James and runner-up Lisa France.
